Pavements and edgings

Built structures

Timber deck – balustrade 1m high on north and west sides

Pergola (options – timber; steel supports and clear roof)

New gates

Compost bays (possible locations)

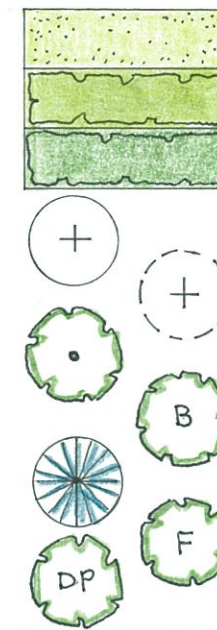

Pond (stone edge)

Existing biolytix in north paddock

Possible water tank. Options: (1) – adjacent front porch at ground level. Vertical, approx 1 m² x 2 m high. (2) – above rock outcrop under house. Horizontal, approx 1-1.2 m wide, 1-1.5 m high and up to 3 m long. Either option to connect to downpipe at front porch and to overflow to box drain on south side carport.

Planting

Grass

Low shrubs and groundcovers

Medium to tall shrubs

Existing trees to be retained

Existing trees to be removed (Pines and (optional) Poinciana in north-west corner, nearly dead Eucalypt at front entry gate)

Proposed trees

Proposed feature Bottle Tree

Proposed Pencil Pines near front entry gate

Proposed fruit trees (smaller and larger varieties indicated)

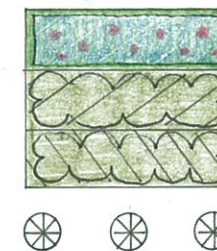

Proposed Date Palm (suggested location)

Raised vegetable gardens

Existing bushland (weeding, supplementary planting)

Proposed bushland species

Proposed grass trees near front door

Proposed drainage

Pit near front porch (See also marked-up plan)
